Bangalore, ~~9th~~ September 1915.

K. Doraswami Iyer Esquire,

Revenue Commissioner in Mysore

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department*

SIR,

I have the honor to forward herewith in original letter No.100/R dated 27/30th July 1915 together with its enclosures from the Deputy Commissioner Hassan District submitting a declaration statement for the acquisition of occupied S.No.84 measuring 2 acres 20 guntas and assessed at Rs 2-12-0 in the Hole Narsipur Kasaba village for the extension of the Hole Narsipur town.

2. The town in question is reported to be more than 800 years old Its population is steadily increasing as will be seen from the marginally noted figures The need for an extension was felt so far back as 1894, and Government were approached on the subject but no definite orders were passed (vide Government Proceedings No 13041/L.F 65-96 dated 14th April 1898) Since the advent of plague many of the towns-people have requested the local Revenue authorities to acquire suitable building sites outside the town Proposals were made in this direction at different times but they were dropped for some reason or other. The land now proposed to be acquired viz S.No.84 was in 1873 applied for by Mr. H.W Raikes for building purposes but in the auction sale it was purchased by some

some other person and during the survey which subsequently took place it was classed as an agricultural land. After local inspection the District Sanitary Officer has expressed the view that the survey number in question is suitable for building purposes and the Deputy Commissioner requests sanction to its acquisition In these circumstances the acquisition proposed may be sanctioned and the declaration statement ordered to be published in the Mysore Gazette.

3. A plan showing the sites into which the survey number has been divided is also forwarded herewith for reference and kind return.

Sir,

In forwarding herewith a file of Kannadam papers ending with Inward No 1805/3478 dated 18th June 1914 from the Assistant Commissioner, Channapatna Sub division relating to the acquisition of Survey No 84 of the Hale-Manegal

Hole-narasipur Karaba village in the Khatha of one Venkobachar Sri Raghavendrachar for purposes of Extension of the Hole-Narasipur Municipality. I have the honor to State that there being great demand for house Sites in the Town Survey Nos 121 and 172, originally proposed by the Amildar to be acquired for the Extension of the Town and the opinion of the District Medical and Sanitary officer was called for in the matter that officer after personal inspection of the two lands above mentioned as also the adjacent lands was of opinion that Survey No 121 was unfit for building purposes as it is Situated in a lower level than the adjacent Survey No 126,

171, 172, 194, and 128 and close to the rest lands which made it damp and malarial The other land Survey number 172 was also found unsuitable being close to the Muhammadan Funeral ground Survey Numbers 174 and 175 which were reported by the District Medical and Sanitary officer to be Suitable for house sites were not approved of by the people on the Score of there being far away from the Town The question of acquiring Survey Numbers 121 and 172 had therefore to be dropped The records Connected with this matter are enclosed herein for reference The question of acquiring Survey Numbers 174 and 175 as well as certain other Numbers and forming a Cantonment

and healthy Extension for the town, which seems to be much in demand, will further be considered and decided in Consultation with the Municipal Council of the town.

2 While matters stand thus, on a previous occasion Survey Number 84 of Hole-Narsipur Kasaba village having been reported by the Builder as a Suitable Site for building purposes and the residents of the town being also agreable to build houses thereon the question of acquiring it to meet urgent demands for the time being was taken up for disposal the District Medical and Sanitary

officer

officer after personal inspection of the land opined that it was in every way suitable for house sites But the then General Assistant Commissioner Mr K Chandy in his order Number 727/115 dated 8th December 1904 objected to the grant of the land for building purposes in Consideration of the fact that this land might be required to be used as Stables for horses etc during the tours of His Highness the Maharaja He also observed that it was desirable to leave the area as open space, to form a lung as it were to the town Thereupon the matter was then dropped No

records

Records connected with this are
also enclosed for reference
3 The question was again taken
up for consideration by Muniday
Mr R Ramanayanengar in the
early part of last year His English
Note dated 2nd February 1914 (Exhibit
No 26 in Vernacular papers) contains
a full and detailed account of the
circumstances relating to this land
and it will be seen that the Municipal
Council have resolved to acquire it
for being made use of for house
building purposes the objections
which might have existed in older
days do not now exist and so
long

long as care is taken that the locality is not allowed to be congested it is entirely unobjectionable as Sanitary grounds also the land has been inspected by the then Sub Division Assistant Commissioner Mr S N Appanna Dyuger and also by my predecessor Mr P R W Retherall who have approved of the use of the land for building purposes I have also inspected it and caveat in their favour

4 In the above circumstances I beg to submit herewith Declaration Statements in ~~duplicate~~ in Tamarese and English in respect of the said Survey Number 84 for Sanctioning

and

and publication in the Gazette, the Assistant Commissioner Chennarayapatna Sub Division being authorized to take order for the acquisition of the land
